

UNIFORM PRETRIAL NOTICE
FOR DISTRICT JUDGE JOHN W. deGRAVELLES

I. PRETRIAL ORDER REQUIREMENTS

Counsel for the Plaintiff(s), with the cooperation and assistance of all other counsel and any unrepresented parties, shall prepare a written *Pretrial Order* in this case to be signed by all counsel of record and then submitted by the date ordered. Full cooperation and assistance on behalf of all parties is expected and required for proper presentation of the Pre-Trial Order.

Such preparation requires the parties to: (1) confer to reach an agreement on any possible stipulation of fact; (2) eliminate any claims or issues that appear in the pleadings about which there is no longer any controversy; and (3) exchange copies of documents that will be offered in evidence at trial.

If, after reasonable effort, any party cannot obtain the cooperation of another party, the party shall contact chambers (225-389-3568).

In the event that there is any disagreement with the content of the *Pretrial Order* or any part thereof, the objecting counsel or party shall attach an *Opposition* to the *Pretrial Order* prior to its submission to the Court. An example of a completed *Pretrial Order*, approved as to form for use in this Court, is attached to this Notice.

The *Pretrial Order* shall contain the following information:

1. The specific statute(s) or other authority upon which federal subject matter **JURISDICTION** is founded and any jurisdictional questions raised by any party.
2. A list of all pending **MOTIONS**, if any, and specific issues raised in those pending motions.
3. A *brief* statement of the **PLAINTIFF'S CLAIMS**.
4. A *brief* statement of the **DEFENDANT'S CLAIMS**.

5. A *brief* statement of the **CLAIMS OF OTHER PARTIES**, if any.
6. **FACTS ESTABLISHED** by pleadings or by stipulation of counsel.
7. (a) A list of all **EXHIBITS** (except documents for impeachment or rebuttal only) to be offered in evidence by all parties.

(b) As to each listed exhibit, a representation that:
 - i. There are, or are not, objections to the **AUTHENTICITY** of the exhibit and the reasons therefore; and
 - ii. Objections, if any, to the **ADMISSIBILITY** of exhibits need **not** be addressed in the *Pretrial Order*, but will instead be presented to the Court by motions in limine and pretrial memoranda to be filed at a time to be set by the Court at the pretrial conference.
 - iii. All exhibits shall be pre-marked for identification and Bates stamped prior to trial. The parties shall be prepared to submit to the Court a copy of each exhibit (the "Bench Book") on a date to be set by the Court during the Pretrial Conference.
8. (a) List all **WITNESSES** for each party, including their names, addresses, and a brief statement as to the nature of their expected testimony together with a representation whether they **WILL** be called to testify or **MAY** be called to testify.

(b) **WILL CALL** witnesses shall be produced or subpoenaed by the party listing them and made available during the trial in order that such witnesses may be available to opposing counsel as witnesses even if not actually called upon to testify by the party so listing them. This is intended to eliminate the necessity of opposing counsel having to subpoena the same witnesses who are being voluntarily produced or subpoenaed by the party listing them as "will call" witnesses.

(c) **MAY CALL** witnesses shall be listed on the *Pretrial Order*, but there is no obligation to have may-call witnesses subpoenaed and present for the trial.

(d) Witnesses Testifying By Written or Videotape Deposition
 - i. The parties shall designate which of the witnesses, if any, will testify by **WRITTEN OR VIDEOTAPE DEPOSITIONS**. Where written or video depositions are to be used, the parties shall designate for the Court and all

other parties those portions of the deposition which are to be read or shown to the jury not later than fourteen (14) days prior to trial.

- ii. The parties shall confer and redact all depositions to eliminate irrelevant and redundant material prior to trial. Only those portions of a deposition which are necessary to a party's case shall be read or played to the jury. Written transcripts (as redacted) for all depositions (written and videotape) shall be provided to the courtroom deputy at trial.
 - iii. Objections contained within written or videotaped depositions shall be edited out of the tape or transcript.
 - iv. Any deposition objections which require a ruling by the Court shall be submitted to the Court twenty-one (21) days prior to trial.
9. State any **ADDITIONAL MATTERS** which may aid in the disposition of the case, including, e.g., settlement possibilities, whether the parties wish to engage in a summary jury trial, arbitration, mediation and/or trial before the United States Magistrate Judge, and an estimate of the probable length of the trial.
 10. **State** whether this matter is a jury or a non-jury trial.
 11. Estimate the length of time each side requires for the presentation of their evidence.
 12. State the history of settlement negotiations and whether the parties would like to engage in a settlement conference before a magistrate judge.
 13. Except for good cause shown, only claims, exhibits and witnesses listed in the *Pretrial Order*, or permitted to be listed in an amendment to the *Pretrial Order*, shall be admitted in evidence or allowed to testify.

II. ADDITIONAL INSTRUCTIONS

2. ***Proposed Voir Dire Questions, Verdict Forms.*** In a jury trial, each party shall submit proposed voir dire questions. If a party desires to question proposed jurors, the party must state the reasons therefore and estimate the time requested for the party's examination.

4. ***Courtroom Technology.*** Please be advised that courtroom 1 is a fully equipped electronic courtroom.
